

Working together to enrich lives

Based in Warford, Alderley Edge and set in 270 acres of Cheshire countryside, we are a residential centre for children and adults with behavioural and learning difficulties associated with epilepsy and other neurological conditions. We are also one of the top 10 employers in Cheshire East.

Board of Trustees

The Centre is looking to make new appointments to the Board of Trustees. The positions are voluntary and unpaid but provide an opportunity for close involvement with a large charitable organisation providing care and education for people with special needs. The Board has overall accountability for the management of the charity and in addition to statutory duties; trustees are expected to provide strategic direction and guidance to the Chief Executive and management team.

Of particular interest would be applicants with recent Director or senior management experience of the public sector in the areas of education, health or social care. The Board meets 6 times per year and in addition Trustees are asked to contribute to sub-committees in their interest or specialist areas.

All applicants must be 18 years or older and will need an enhanced Criminal Records Bureau check.

For an informal discussion about the role of Trustee and to find out more about the application process, please contact Anthony Waters, CEO on 01565 640109.
